Public Workshop to Develop Reporting Format for SF₆ Distributors

The Air Resources Board (ARB) staff invites you to participate in a public workshop to develop a format that will meet the reporting requirements for sulfur hexafluoride distributors as contained in Subarticle 3, Regulation for Reducing Sulfur Hexafluoride Emissions, sections 95340 to 95346, title 17, California Code of Regulations. These regulations were approved by the Board in early 2009 and can be viewed at <http://www.arb.ca.gov/regact/2009/nonsemi09/sf6fro.pdf>.

At the workshop, ARB staff will present a brief overview of the reporting requirements as contained in the regulation. A draft format for meeting these requirements will then be presented for discussion. The draft format will also be made available prior to the meeting. Your input is requested at the meeting regarding the utility and effectiveness of this draft format.

Workshop Logistics Information:

The workshop will be held at the time and location shown below:

| | |
|-----------------|---|
| Date: | December 1, 2010 |
| Time: | 1:00 pm to 4:00 pm |
| Call-in Number: | 877-677-0147 |
| Passcode: | 6256353# |
| Location: | Conference Room 550 5th Floor Cal EPA building 1001 I Street Sacramento, CA 95814 |

You can register for the webinar portion of the meeting through the following link: <https://www1.gotomeeting.com/register/132570393>. Alternatively, please contact Elizabeth Scheehle at escheehl@arb.ca.gov or 916-324-0621 to register for the webinar portion of the meeting. The webinar is recommended for call-in participants as it will include a walk-through of the proposed format.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
